9. 8. In the event that the Carrier refuses to issue or otherwise provide a ticket to or to take on board a person on the grounds of disability or reduced mobility for reasons referred to in Section 9.7 in Part A hereof, the person concerned may request to be accompanied by another person of his or her choice who is capable of providing assistance needed by the disabled person or person with reduced mobility, so that the reasons referred to in Section 9.7 in Part hereof will not apply. Where feasible, the accompanying person shall be seated next to the disabled person or the person with reduced mobility.

A ticket may be purchased in cash from the driver directly on board the bus prior to the performance of carriage, at all the Carrier's contracted points of sale, electronically via the Carrier's website or mobile application, or in the form of a cashless payment when the price of the ticket is deducted from the chip card that was purchased in advance and then issued. Tickets for bus lines 102806 Bratislava – Wien, 102958 Bratislava – Schwechat, 105801 Bratislava - Hainburg and 102830 Bratislava - Budapest can also be purchased using a contact-less payment card. The sale of tickets (except for the purchase from a driver) is only possible in a period of more than 5 minutes before the departure time of the bus service.

10. 4. When a passenger has purchased the ticket in advance, the passenger is obliged to produce the ticket or a proof of discount when boarding the bus without being prompted by the Carrier to do so.

10. 5. One-way tickets entitle passengers to one journey from the boarding stop to the alighting stop.

10. 6. Return tickets entitle passengers to one outward journey and one return journey.

10. 7. The Travel Pass (hereinafter "TP") is a voucher for discounted transport ticket purchase. The TP can be bought online using our website or our mobile app. It is only available to registered users and cannot be transferred to another person. In case of any

misuse of the TP for providing rides to persons other than the owner of the TP, the carrier is entitled to cancel the TP without any reimbursement. Each TP holder is required to have a registered personal account (The name and surname must be the same as in your ID card). The user account allows the holder to purchase transport tickets for selected bus services. Such tickets are provided at the cost of 0 (zero) euros (hereinafter “zero tickets”). Otherwise, the holder cannot be guaranteed a seat on the bus. The TP may also be used to claim a pre-paid ride directly with the driver. However, TP travellers are not given priority over passengers that had not purchased a transport ticket beforehand. The driver scans the TP. In the case of bus lines 102806 Bratislava–Wien and 102958 Bratislava–Schwechat, the driver will provide the passenger with a seat number. The driver does not issue registration tickets with zero value. The use of a ride will be recorded in the user’s account.

Transport tickets can be bought online up until 5 minutes prior to the scheduled departure time of the bus service. If a zero ticket is bought with a certain TP and the passenger does not board the bus, the ticket will be considered used, making it impossible to retroactively return it to the TP owner or add it back onto the account. The passenger is solely responsible for the cancellation of the transport ticket and later proof of not having boarded the bus is not taken into the account. Transport tickets can be cancelled according to the terms and conditions of the cancellation policy currently in effect, i.e. up until 15 minutes before the scheduled departure time of the bus service, through the user’s account. In that case, the ride is added back to the user’s account. A TP cannot be used to purchase a return ticket.

10. 8. A Travel Pass for a set number of rides gives the passenger the right to claim this number of rides on the route and in a given timeframe specified on the TP. On the 102806 Bratislava–Wien and 102958 Bratislava–Schwechat bus routes, the Adult TP is issued for 10 rides. The pass is valid for 180 (one hundred and eighty) days starting with the date of purchase.

10. 9. A time-limited Travel Pass gives the passenger the right to claim a given number of rides within the given time period. On the 105801 Bratislava–Hainburg bus route, we issue monthly TPs that are valid for 30 (thirty) days starting with the date of purchase, whilst allowing the user to make 60 single rides. It may be issued for the Adult, Child and Student passenger categories.

10. 10. The purchase of a Travel Pass cannot be cancelled.

10. 11. A one-way ticket issued without stating the passenger’s name is non-transferable after the passenger boards the vehicle. After boarding the bus, the passenger is not entitled to pass the ticket to another person. The Carrier is entitled to refuse to recognise validity of a damaged ticket if the data on the ticket are not clearly legible.

10. 12. A reduced-fare ticket is only deemed valid together with a valid card entitling its holder to the reduced fare. The passenger shall demonstrate to the driver his or her eligibility for the reduced fare by producing a special card. In case of any doubts as to the eligibility for the reduced fare, the Carrier or the Carrier’s authorised employee is entitled to request the passenger to produce additional documents proving the passenger is eligible for the discount. If the passenger fails to demonstrate his or her eligibility for the discount, the passenger is obliged to pay the standard fare in full amount.

10. 13. Upon receipt of a ticket, the passenger is obliged to make sure that the ticket is issued as requested by the passenger, in particular, that the data, date of travel, route and the fare paid correspond with the price indicated on the ticket. The Carrier will disregard any later complaints made by the passenger.

10. 14. Passengers are responsible for any loss of or damage to their tickets. The Carrier does not provide any refund for lost or damaged tickets which have become unusable. No refund is provided for tickets lost during carriage and, in such a case, the ticket inspector deems the passenger to be a person travelling without a valid ticket.

10. 15.
